DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1-14, drawn to an automatic ground marking apparatus.

Group II, claim 15, drawn to a computer software product.

Group III, claims 16-21, drawn to a method for marking undulating turf.

Group IV, claims 22-25, drawn to a method of surveying.

Group V, claims 26 and 27, drawn to a surveying apparatus.

2. The inventions listed as Groups I, II, III, IV and V do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group I does not require all of the limitations necessary in Group II in order to function; Group I could be performed by materially different steps than those claimed in Groups III and IV; and Group I performs a materially different function than Group V. Group II is not required by any of Groups III, IV or V in order to function. Group III is a materially different process than Group IV. Group V could be operated in a materially different manner than is claimed in Groups III or IV.

Art Unit: 3671

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
